

# FOUNDATIONS IN GENESIS IDAHO

## MASSEY CAMPOS

Massey Campos is a first-generation American, and a 3rd generation preacher. Both his parents were born and raised in Mexico and immigrated to America as young adults in order to pursue the American dream. Massey, along with his two brothers and one sister, grew up traveling as a family, as their father was an evangelist. While still in his teens, Massey began preaching to congregations the unsearchable riches found in Christ. Then in 2001, he began speaking to audiences around the country in high schools, colleges, churches, and much more. Then in 2014 Massey became Vice President and speaker for The Institute on the Constitution for 2 years before founding Self-Evident. Massey's constant desire and passion is to see Americans, both young and old alike, understand the Biblical heritage of this great nation and bring America back to the God who gave us this liberty. Massey formerly served as the Assistant Pastor at Revive Church in Stuart, FL and is now serving as the head of mens ministry. He is the father of three awesome boys, husband to his beautiful wife, Cari, who assists with his appearances. Massey and his family currently reside in Port Saint Lucie, Florida. ## UPCOMING FIELD TRIPS

**February 21, 2026 | 10:00am | Oreana Geology & Fossils**

Collect petrified wood and seashell fossils at two stops near Oreana! There will be a small amount of hiking in hilly desert terrain. The second stop will need higher-clearance vehicles, but we will be able to see a beach on a hilltop and collect fossils! This is a half to full day trip, if you stay for one or two stops. Bring a lunch, water, and fossil collection tools! As usual, this field trip will be weather dependent, so stay tuned to FB or email in case!
